## SUMMARY

As a software engineer, I am passionate about learning and innovation. I strive to deepen my programming expertise and explore AI to optimize development processes, delivering efficient and impactful solutions. I had experienced in both front-end and back-end development. Proficient in modern web technologies including PHP (Laravel, CodeIgniter 3), ASP.NET, JavaScript, MySQL, and PostgreSQL. Skilled in designing, developing, and maintaining scalable and secure web applications across various industries, including warehousing, e-government, logistics, and document processing systems. Strong background in database design, API integration, and system optimization. Also proficient in Microsoft Excel for advanced data analysis. Committed to delivering clean, efficient code and continuously improving user experience through well-structured, maintainable solutions.

---

## EXPERIENCE

### Full Stack Developer

PT Alfahuma Rekayasa Teknologi

March 2019 – May 2025, Jakarta

- Designed and developed Warehouse Management Systems (WMS) to improve inventory control and warehouse operations.
- Contributed to the development of e-Government applications, supporting digitalization of public service processes.
- Built document processing applications to automate document creation, organization, and internal workflows.
- Developed logistics support systems, focusing on the flow from sales order management to warehouse processing, streamlining internal coordination and fulfillment.

### Junior Web Developer(Intern)

PT. Internusa Cipta Solusi Perdana

June 2017 – June 2018, Jakarta

- Developed and maintained a document management and generator system using the PHP Laravel framework, improving document workflow efficiency.
- Managed and processed complex Excel-based company data using advanced formulas for accurate reporting and decision-making.
- Collaborated in building and optimizing a MySQL-based Laravel application, enhancing performance and scalability.

## EDUCATION

### Bachelor Degree

INSTITUT ASIA MALANG · Malang

### High School Diploma

SMK PGRI 3 · Malang · 2019

---

## SKILLS

PHP

Laravel Framework

CodeIgniter

JavaScript

C#

ASP.NET MVC

Java

Spring Boot

PostgreSQL

MySQL
